

We are a non-profit skating club whose purpose is to promote all aspects of United States Figure Skating. We are located at Jersey Coast Arena in Wall, NJ.

Jersey Coast Figure Skating Club (JCFSC) has been a member club of U.S. Figure Skating, the official governing body of amateur figure skating, since August 2011. JCFSC's primary goal is to provide skaters with the training and tools to achieve their personal best. We support figure skating as both a recreational and competitive sport. To achieve these objectives, JCFSC conducts U.S. Figure Skating test sessions, clinics, exhibitions, competitions and an annual holiday show. To celebrate our skaters' accomplishments, we host an annual Awards Luncheon.

Our members range from preschoolers to adults, from basic skills levels to USFS National and World competitors-turned-pro who now coach at JSA.

We also sponsor the IceLantics Synchronized Skating Team. This organization was established in 1996 with 12 skaters and grew to become a nationally recognized team. Our teams currently range from Beginner to Pre-Juvenile levels.

Jersey Coast Figure Skating Club

Board of Trustees

President - Gail Damiano 2023
